Waukegan Township

Park Place Preview

September & October, 2019

Dear Neighbors,

We want to take this time to disquiet any rumor that Waukegan Township is closing...that is not true!!!

There are 1,432 townships in the state of Illinois. Both Governor Rauner and now, Governor Pritzker appointed respective committees to reduce, eliminate and/or consolidate the multiple layers of government in our state. As reported by the nonpartisan Illinois Policy Institute, Illinois has more units of local government than any other state in the nation. Accordingly, there are 6,963 governmental entities in Illinois. We agree changes should be considered!

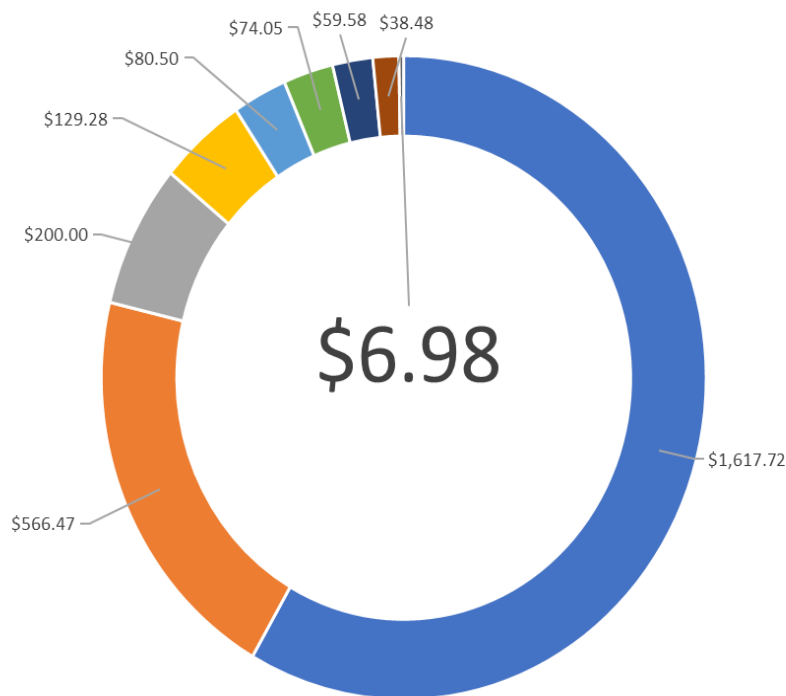

On Friday, August 9th, Governor Pritzker signed HB348 which only affects 2 counties in the state of Illinois: McHenry County and Lake County. HB348 was drafted in part to eliminate township road districts with less than 15 miles of roads. In Lake County, only six of the 18 townships were affected by HB348 because they have less than 15 miles of road. Waukegan Township falls into this category. HB348 references our Highway Department, and the elected Highway Commissioner. This change will go into effect in 2021.

In Waukegan Township, with regards to property taxes, the Road District portion is minimal. *The chart on the right breaks down how the Road District's portion is distributed. One half of the amount collected goes straight to the surrounding cities and not Waukegan Township.

Please keep in mind that our Highway Commissioner, Arthur Craigen and his team have done an excellent job and will continue to do so. They are responsible for maintaining the roads in the Township's unincorporated area. Did you know that properties with 5-digit addresses are considered part of an unincorporated area? That is a great amount of ground to cover. Our Highway Department also maintains all of our road equipment and the Highway Department office complex.

This Bill will not affect the other services provided by Waukegan Township. We will continue to service Waukegan, North Chicago, Beach Park and Park City residents. In addition to continuing to provide financial relief to residents in need, Waukegan Township will fund and administer many health and wellness programs for our seniors, transportation to and from medical appointments, lawn care and snow removal, transitional facilities for men and women with children, scholarships for our youth, employment, expungement services, and much more. Waukegan Township continues to stand stronger than ever! Thank you.

Bill HB348 - Waukegan Township is not closing!

***Of the \$6.98 Township Road District portion, 50% goes to the Waukegan Township Road District and 50% is shared with the City of Waukegan, City of North Chicago, Village of Beach Park and the City of Park City.**

Park Place will be closed Monday September 2 for Labor Day, October 7 for Columbus Day, and November 14 for Veterans Day. Park Place will also be closed for the bi-annual cleaning, October 28th through November 1st.

On July 3rd, Judge Reginald Mathews proudly swore in Nelson Whitaker as the new SCSC Chairman and Wayne Bowen as Vice Chairman. Sandra Eaker was also welcomed as the new Secretary on August 7th. A special thank you to Park City Ward 3rd Alderman Larry Eaker for his service as previous Chairman and now an Honorary Member.

New Legislation!

The U.S. Department of Agriculture (USDA) has proposed a regulation that would, by the USDA's own estimate, take SNAP access from 660,000 senior households. While SNAP is important to all who receive benefits, the program is especially critical to seniors, who often face higher health care costs and are forced to decide between medication and essentials like food. Consider the following statistics from fiscal year 2015:

- **229,000 low-income seniors in 206,000 households participated in the SNAP program.** Their average monthly income was about \$1,000.
- **SNAP helps seniors buy food.** SNAP households with elderly members received an average of \$121 in food stamp benefits each month, boosting their monthly income.

Less than half of all seniors who qualify for SNAP are enrolled in the program, making low-income seniors especially vulnerable to hunger.
