Waukegan Township Assessor's Office

The township is responsible for assessing (placing a value) on all property for tax purposes, appraising it at its fair market value.

There are four different types of exemptions also available that reduce or defer an increase in the equalized value of your property. The net effect of these exemptions is to lower the assessed valuation to which the tax rate is then applied. The qualifications and application procedures vary for each program. You must own the property and it must be your primary residence to qualify for any of these exemptions.

GENERAL HOMESTEAD EXEMPTION

This exemption lowers the equalized assessed value of your property by \$6,000.00. To receive this exemption, you must:

- Have lived on the property on or before January 1st of the tax year.
- The Township Assessor's office initiates this exemption.

HOMESTEAD IMPROVEMENT EXEMPTION

This exemption defers for four years any increase in the assessment of your property due to an addition or other improvement to your home for which the Township Assessor would add value.

A maximum of \$25,000.00 of assessed value may be deferred under this program.

The Township Assessor's office initiates this exemption.

SENIOR HOMESTEAD EXEMPTION

This exemption lowers the equalized assessed value of your property by \$5,000.00, and may be claimed in addition to the General Homestead Exemption. To receive this exemption, you must:

- Have lived on the property on or before January 1st of the tax year.
- Have reached age 65 during the tax year.

Apply for the exemption at the Township Assessor's office. Please provide a copy of the deed to the property and proof of age when you apply. If the property is held in trust, you will also need a copy of the trust agreement indicating the beneficiary and signature page.

SENIOR CITIZENS ASSESSMENT FREEZE HOMESTEAD EXEMPTION

This exemption freezes the assessment on your property but does not freeze the tax rate. This exemption may be claimed in addition to those described above. You need to understand that the actual taxes that you pay may continue to increase based upon the amounts levied by the taxing bodies where you reside (school districts, park district, village or city, township, etc.) The filing deadline for this exemption is typically mid-September of each year. To receive this exemption, you must:

- Have fulfilled a property residency requirement as explained on the application form.
- Be age 65 or older.
- Have a maximum household income of \$65,000. This household income includes that of all persons using the property as their principal dwelling place on January 1st of the tax year.
- Obtain an application for the exemption at the Township Assessor's Office. Your completed application must be notarized and returned to: Chief County Assessment Office, 18 N. County Street, Waukegan, IL 60085

NOTE: This exemption must be renewed annually.

Other exemptions available through the Chief County Assessment Office include:

- Disabled Veterans' Standard Homestead Exemption
- Disabled Veterans' Exemption
- Returning Veterans' Homestead Exemption
- Disabled Persons' Homestead Exemption
- Deferral through Lake County Treasurer
- Senior Citizens' Tax Deferral Program

For an explanation of the assessment process or to view comparable properties, please go to assessor.lakecountyil.gov. Please call 847.377.2050 for additional information.

News you can use

Isolation Impacts Everyone: Here's How to Assess Your Risk

You may be experiencing isolation fatigue from hearing so much about social isolation. This is a real problem, impacting seniors at a high rate.

One of the latest studies published in JAMA Internal Medicine says that homebound seniors aged 70 and older more than doubled, from 5% between 2011 and 2019 to 13% in 2020. According to researchers, the numbers of homebound seniors – would likely remain elevated through 2021 due to the pandemic.

- Two-thirds of U.S. adults report experiencing social isolation, and more than half (66%) agree that the COVID 19 pandemic has caused their anxiety level to increase, yet many aren't turning to anyone for help.
- Social isolation can have a greater impact on one's health than obesity. The health risks of prolonged isolation are equivalent to smoking 15 cigarettes a day.
- Among women 50 and older, almost a third (29%) report going as long as one to three months not interacting with others outside their home or workplace during the pandemic. They're also more likely to experience negative emotions than their male cohorts.

The assessment questions are pretty straightforward and the questions actually imply the answers. Here are a few examples.

1. Do you participate in social activities?
2. Do you regularly see or talk to a family member or a friend?
3. Do you have access to transportation?
4. Is it difficult or impossible to leave your home without assistance?
5. Do you avoid socializing because it's hard for you to understand conversations?
6. In the last 6 months, have you experienced a major loss or change?

Isolation doesn't mean you have to be alone. Park Place is open to the public Monday through Fridays 9:00am to 4:30pm. Call 847-244-9242 for transportation and scheduled activities. <https://health.usnews.com/health-care/for-better/articles/isolation-impacts-everyone-heres-how-to-assess-your-risk>
