Waukegan Township
Supervisor

Dear Friends,

Summer eating can be enjoyable with fresh seasonal produce, outdoor eating and entertaining for special occasions or family gatherings. Unfortunately, food poisoning is more common in summer than at any other time of year. Here are 5 Tips for Summer Food Safety: 1) Make sure the fridge temperature is below 40 °F and keep your freezer at 0 °F. 2) Don't leave hot foods to completely cool before refrigerating. 3) Keep raw meat, chicken and seafood chilled and away from cooked food. 4) Thaw frozen food in the refrigerator. 5) Avoid handling food when you're not feeling well.

If you're facing a major illness or stressful life change, you don't have to go it alone. The Park Place Enhancement groups can help. In 2016 over 5667 seniors benefited from life Enhancement Groups, addressing Low Vision, Alzheimer's, Coping with Loss, Grandparents and Other Relatives Caregiver, Life After Stroke, Hispanic Language Group, and others. **Page 6** has a full list of groups and services to help you choose the right one for your life.

Now that the warmer weather is finally here Park Place is ready for the beautification of our community garden. Come out May 10th from 9-11 a.m. to assist in planting our community garden.

The Home Sweet Home program for personal lawn care starts Monday, May 8th for seniors 55 or better who reside in Waukegan Township. You must register by calling our hotline at (847) 599-2932. The Waukegan Township family is pleased to serve you through another spring.

No matter how you celebrate Mother's or Father's Day, it is the memories made that will last a lifetime. Happy Mother's & Father's Day to all the mothers, fathers, grandmothers/grandfathers, and mother/father figures. Don't waste the opportunity to tell them just how much you love and appreciate them. The Park Place Gift Shoppe has specials for Mother's and Father's Day! Sale on cards, gifts, and flowers. **Page 3** has information on raffle prizes and sales for May and June.

Wednesday, May 10 - Understanding Fibromyalgia - 11:00 am – 12:00 pm

Complimentary Health Screenings following presentation

Fibromyalgia is the most common musculoskeletal condition after osteoarthritis. Still, it is often misdiagnosed and misunderstood. Its characteristics include widespread muscle and joint pain and fatigue, as well as other symptoms.

Wednesday, May 31 - Lunch & Learn Presentation – Hip & Knee Replacement

11:00 am – 12:00 pm (\$5.00 fee)

Speaker: Margie Taylor, JCC, BHCM, MBA, Vista Health System.

Do your joint problems limit what you can do? Does it cause your mood to change? Bone damage? X-rays and other imaging tests show that your osteoarthritis or other conditions are taking a toll on your joints. This presentation will explain reasons to replace your hip or knee.

Tuesday, June 6 - Skin Cancer and Keeping Your Skin Healthy - 10:00 am – 11:00 am

Cancer is the uncontrolled growth of abnormal skin cells. It occurs when unrepaired DNA damage to skin cells triggers mutations, or genetic defects, that lead the skin cells to multiply rapidly and form malignant tumors.

Wednesday, June 14 - What is Lupus? - 11:00 am – 12:00 pm

Lupus is an autoimmune disease, which means that the immune system mistakes the body's own tissues as foreign invaders and attacks them. Some people with lupus suffer only minor inconvenience, while others suffer significant lifelong disability.

Wednesday, June 14 - Healthy Indoor Plants for Good Health - 1:00 pm – 2:00 pm

Speaker: Toni Steres, APN from Lake County Health Department - North Chicago, IL.

Plants are good for your health because they make oxygen. They produce oxygen gas as they make food, oxygen gas, which is an important part of the air, is the gas that plants and animals must have in order to stay alive. When people breathe, it is the oxygen that we take out of the air to keep our cells and bodies alive. This workshop will help to determine which plants are the best for your health.

Wednesday, June 21- Types of Sleeping Disorder & Symptoms - 12:00 pm – 1:00 pm

Speaker: Christine Cowen, RPSGT, RST, CCSH, Certified Sleep Disorder Educator from Advocate Health Care.

According to the National Institute of Health (NIH), 50 to 70 million people are affected by sleep disorders in the United States. Sleep disorders are linked to other chronic ailments such as hypertension, diabetes, anxiety, and depression. Furthermore, having poor sleep quality reduces your productivity, concentration, mental clarity, and overall energy level.

Sat, June 3, 2017 - 10:30 am to 11:30 am - Meet Loretta Veney, author of "Being My Mom's Mom".

Throughout her life, Loretta has chronicled family events through journals, photos, and videos, seeking to capture every moment. After learning that her beloved mother Doris was the first female in the family to suffer from dementia, Loretta began documenting the details of doctor visits, and recording people, places, and things as a substitute for her mom's lost memory. The combination of written documentation and her incredible memory became Loretta's first published work, entitled Being My Mom's Mom. Through her book, Loretta offers practical ideas and a wealth of encouragement for her readers.
