

Dear Friends,

If you are like me, this time of year is an opportunity to reflect on the past and look forward to the future. As you reflect, it's important to remember that sometimes simple changes can improve your life drastically. Make time in your 2016 schedule to attend Park Place upcoming workshops, events and trips. Park Place has many programs to offer.

Remember to call before the first sight of snow if you are a senior requesting assistance clearing snow from your driveway and sidewalk. Call our Home Sweet Home Hotline at 847-599-2932 to register for our complimentary Snow Removal services.

The services that Waukegan Township provide would mean nothing without your ongoing support. THANK YOU Waukegan Township residents, elected officials, volunteers and Senior Service Committee Chair, Mr. Victor Ruiz and members, for supporting everything that we do. It means so much to us, as we move into a new year striving for bigger and better events/programs for everyone to learn, grow and enjoy. Happy New Year to you and your family!

Important Information You Should Know

Earlier this year, the Senate Appropriations Committee proposed a drastic 42% cut—from \$52 million to \$30 million—to an important program for people with Medicare, the State Health Insurance Assistance Programs (SHIPs). Operating in every state, SHIPs answer questions about Medicare and help people make the most of their benefits. Now, Congressional leaders will decide if that cut happens. Medicare Rights urges Congress to protect SHIPs from this unprecedented cut and increase funding for SHIPs and other programs that help older adults and people with disabilities.

2016 Medicare Costs	Beneficiary Cost
Part B Monthly Premium (for beneficiaries subject to the “hold harmless” provision)	\$104.90
Part B Monthly Premium (for beneficiaries <u>not</u> subject to the “hold harmless” provision)	\$121.80
Part B Annual Deductible	\$166.00

The **“hold harmless provision”** in the Social Security Act disallows an increase in the Medicare Part B premium for qualifying Social Security recipients if their COLA is not large enough to cover the increase in the Part B premium. Who may see an increase in their 2016 premium?

- Anyone new to Medicare
- Those with income related premium
- Those not having premiums deducted from Social Security check
- Anyone who loses their Medicare Savings Program
