Dear Friends,

Reflecting on the ways in which we spent the 2014 holiday season may have left us feeling like we need a vacation from our holiday vacation. We feel as though we have less energy, less money and even more unwanted weight than we would like before the holiday season began. As you look forward to 2015, some of you may feel the added stress comes from caring for others. Did you know that 61% of family caregivers caring for someone with cognitive and physical conditions felt stressed 'sometimes to always? Here are a few ways to help relieve caregiver stress:

- Integrate a behavioral health program with the person's medical care.
- Consider an adult daycare service that includes your need for a break.
- Ask a doctor to review the person's medication to see if any may be eliminated.
- Make sure the person takes their medication at the appropriate time.
- Seek professional help with teaching techniques and ways to improve communication with persons with dementia.

Park Place offers several support groups to help you cope and feel better about the upcoming year. Details on (page 2) regarding the Stroke, Grief, Alzheimer's and Caregiver Support groups.

This month, as we reflect on a great leader; please join us Monday, January 19, 2015 at 10:00 a.m. for our annual Dr. Martin Luther King Jr. Dreamers' Breakfast. The services that Waukegan Township provide would mean nothing without your ongoing support. It means so much to us, as we move into a new year striving for bigger and better events/programs for everyone to learn, grow and enjoy. Happy New Year!
