Annual mammogram testing can help find breast cancer early

Dear Friends,

Waukegan Township and hundreds of our friends, family, and supporters stepped out into the chilly morning on Saturday,

September 13 for our 15th Annual Run/Walk For Seniors. We had an unbelievable time, and because of your generosity, we were able to raise funds to promote the mission of providing high quality services to senior citizens. Thanks to everyone for being such rock stars during this event. We would like to thank our Senior Citizen's Service Committee members and our Honorary Chairpersons Barbara Thomas, Greg Petry, Larry Eaker, Sylvestre Castellanos, and Maria LaCour. Our thanks go out to our dedicated sponsors who are listed on page 4. Thank you to our many vendors for their participation and especially to the hundreds of seniors who donated so generously to support Walk For Seniors! In addition to our sponsors, all the food was donated by Grub N Go. Thank you to the owner Orlando Cruz for helping to feed our participants. This year we were able to raise \$20K! And we can't wait to see you at the 16th Annual Run/Walk For Seniors on September 12, 2015!

We've always enjoyed the month of October; it marks the end of summer and the start of fall. This year, October will probably be even more exciting because of upcoming events and activities scheduled for Park Place. We celebrate Hispanic Heritage month from September 15 to October 15, which started in 1968. On Saturday, October 11 - Park Place will celebrate Hispanic Heritage month with Taste of Latin America. Be sure to come hungry, as Taste of Latin America will feature several vendors serving your favorite Latin dishes! The month of October is also special because of National Breast Cancer Awareness and Park

Place will honor the memory of family, friends and loved ones who have passed away due to this disease. Did you know that breast cancer is the second most common kind of cancer in women? About 1 in 8 women born today in the United States will be diagnosed with breast cancer at some point. The good news is that many women (and men) can survive breast cancer if it's found and treated early. Annual mammogram testing can help find breast cancer early and it's easier to treat. On October 8th, Park Place will feature local health experts who will speak on several topics like: "What to do about an abnormal mammogram" and "How to take care of a loved one with cancer?" Remember that eating healthy can reduce your risk for cancer and you have the power to change your eating habits.

Our country has always enjoyed Freedom and we haven't had to live under a dictatorship because thousands upon thousands over the life of this country and even to this day, have been willing to serve in America's Armed Forces, fight and die to ensure we never loose our FREEDOM. Who are these people who have given so much? They are VETERANS, men & women from all walks of life who have & will continue to answer their country's call. So join us on November 8th - Noon at Park Place to Honor & Celebrate our VETERANS and those men & women who currently serve in this nation's Armed Forces. This is a complimentary event for veterans and their families. Lunch will be served. Also, bring in your new or gently used winter coats to Park Place for our Veterans Coat Drive Starting October 15th. November 8th will be a day of reflection and celebration.
