My Military son was home for Christmas

I came to the Staben House early summer in 2021. I came because I was mentally, verbally, and emotionally abused by my ex-husband. Due to the abuse in my household, my daughter was taken away from me. I learned a lot while at Staben House. The staff was very helpful and caring. The Staben House showed me how to budget and helped me understand what is needed and what is not needed. I learned to pay my bills on time and enrolled my son in daycare. I worked full time at Walgreens, and I was able to pay my bills. I even upgraded my car while at Staben House. My son was coming home from the military, and I wanted him to have a home for Christmas. The Staben House assisted me in finding an affordable place to live. Thanks to the budget manager I saved enough money to move to my own place by Christmas time. I was able to celebrate Christmas with my oldest son, my daughter, and my youngest son.

Even after moving, Staben House continues to assist me and my family.

I would tell anyone about the Staben House.

Mia's Story

[We celebrated Thanksgiving & Christmas in our own Home thanks to Waukegan Township Staben House.]

My son and I came to Staben House because we had no place to go. We both were attending school and needed a place to call home until we found a good landlord that would rent to us. I want to express my gratitude for the excellent service given to my son and I, while residing at the Staben House. We are forever grateful for the prompt and courteous service that was bestowed upon us during our time in need, by the staff.

It was their leadership, guidance, and integrity that helped me and my family feel safe, yet just as important, and worthy. Not to mention how much their positive, encouraging words gave me so much hope.

It's been almost four months since we have relocated and we are still benefiting from the follow up services and all the donations given to us for Thanksgiving, Christmas, and my household. God is good!

All things considered, my seventeen year old son has now grown a deep desire to become a real estate investor, in hopes to one day buy a few buildings, donating some for the homeless. How amazing is that? I can't say enough great things about this beautiful place.

With that being said, I will like to thank the Staben House, so much for their kindness, patience, understanding, integrity, respect, and support, wholeheartedly!
